

## Episode 6 (Shakespeare Goes to High School): Show Notes and Mentioned Media List

### Show Notes:

Is the book always better than the movie? As if! This episode talks Clueless, 10 Things I Hate About You, and other movie adaptations of classic lit that might be better than the original (gasp!). Book and Theater Nerds Miranda and Tamera also recommend sequels and retellings of classic novels and plays and discuss what makes high school quite so Shakespearean.
